## 1. Background Information

### About the school

- 1.1 Coopersale Hall School is a co-educational independent day school. Founded in 1989, it forms part of the Oak-Tree Group whose proprietor provides governance for the schools. It occupies an eighteenth-century house with later additions, which is set in seven acres of grounds adjacent to Epping Forest. The school is involved in regular collaboration with the other schools in the group, including through special events and inter-school activities. The current headmistress has been in post since September 2020.
- 1.2 Since the previous inspection, new advisors have been appointed to the group to support the school in matters relating to health and safety and education.
- 1.3 During the period 23 March to 31 May 2020, the school remained open only for children of key workers. Pupils in the Early Years Foundation Stage (EYFS), Year 1 and Year 6 returned from June until the end of the academic year, as well as the children of key workers. Years 2, 3, 4 and 5 returned from 17 June 2020 until the end of the academic year on a phased basis. During this period of closure, the school provided remote learning materials for all pupils.
- 1.4 In the interests of infection control during the COVID-19 (coronavirus) pandemic, inspection evidence was gathered partly remotely and partly on-site to reduce contact within the school setting.
- 1.5 In line with the direction given by the Department for Education (DfE) at the time, no evaluation has been made of the nature or effectiveness of any provision made during the period March to August 2020, including its impact on pupils' learning, achievement or personal development. Any concerns relating to pupils' welfare during this period which directly relate to measures implemented by the school have been considered.
- 1.6 During the lockdown period of January to March 2021, all pupils other than vulnerable pupils, the children of key workers and children in Nursery received remote learning provision at home.
- 1.7 Since 2020, EYFS profiles have not been externally moderated.

### What the school seeks to do

- 1.8 The school aims to provide a secure, safe community in which each child achieves academically and personally. It seeks to help children develop a clear sense of right from wrong and take responsibility for their actions, and to provide a broad curriculum to develop lively, enquiring minds. Pupils are encouraged to develop the skills they need to face the future with confidence, and a positive attitude to themselves and others.

### About the pupils

- 1.9 The pupils come predominantly from local professional and business families. Nationally standardised test data provided by the school indicate that the ability of the pupils is above average. Twenty-five pupils require support for special educational needs and/or disabilities (SEND) including dyslexia. No pupil has an education, health and care (EHC) plan. There are nine pupils for whom English is an additional language (EAL), although only one is Early Step EAL. Academically more able pupils are identified by the school through its assessment processes, alongside those talented in particular areas such as sport and music. The school adjusts its curriculum and provides additional challenge and differentiation to meet their needs.

## 2. Regulatory Compliance Inspection

### Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage statutory framework, and for registered settings the full range of the Early Years Foundation Stage provisions is considered. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

**This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards.** The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Links to the standards and requirements can be found here: [The Education \(Independent School Standards\) Regulations 2014](#), , [Early Years Foundation Stage Statutory Framework](#).

**COVID-19: Inspection judgements do not cover the period March to August 2020 inclusive.**
